COURSE SYLLABUS & FEES · 2026

AI Placement Bootcamp for Clinical Research Jobs in Pune

5-day placement-only bootcamp for people who already know clinical research or PV: AI in PV, a live AI project, ATS resume, LinkedIn, a Mindset & Mental Growth session, 3 mock interviews and referrals. ₹2,999 + GST, online or Wakad, Pune.

DURATION	MODE	FEES	EMI
5 days	Live online & classroom (Pune)	~~₹9,999~~ ₹2,999 + 18% GST	—

Eligibility

You already have the theory: a clinical research, PV, CDM, medical coding or medical writing course from any institute

B.Pharm, M.Pharm, B.Sc / M.Sc Life Sciences, BDS, MBBS, BHMS, BAMS or Nursing graduates who studied the subject and are now job-hunting

Working professionals switching into clinical research who can't take a 3- or 6-month course

Candidates with an internship or hands-on exposure who keep getting rejected at the resume or interview stage

What's included: AI Edge + Placement Edge

AI Edge

- **AI in PV case processing** — Intake, triage and narrative drafting with AI
- **AI for literature screening** — Faster signal detection and safety reviews
- **Prompting for CR documents** — Protocols, ICFs, CSR summaries
- **MedDRA coding assist** — AI-supported coding with human QC
- **Responsible AI & compliance** — GxP, data privacy, audit-ready use
- **Live AI project + certificate** — Portfolio proof recruiters can see

Placement Edge

- **ATS-ready resume & LinkedIn** — Built 1-on-1 with our mentors
- **Mock interviews (3 rounds)** — HR + technical, with feedback
- **Industry interview Q-bank** — Top CRO and pharma questions
- **Referral & hiring drives** — Dedicated placement assistance
- **Expert mentorship sessions** — Guidance from industry professionals
- **Job-alert access** — Curated CR / PV openings

PLUS **Mindset & Mental Growth session** — Growth mindset, interview confidence, managing anxiety and handling rejection

Day-by-day plan

01 Day 1 — AI in PV and clinical research

AI-assisted case intake, triage and narrative drafting

AI for literature screening: faster signal detection and safety reviews

Prompting for protocols, ICFs and CSR summaries

AI-supported MedDRA coding with human QC

Hands-on with leading AI chat, writing, research, automation and analytics tools

02 Day 2 — Responsible AI, your live AI project & industry terms

- Responsible AI in a GxP setting: data privacy and audit-ready use
- Checking AI output: where it goes wrong and how reviewers catch it
- Your live AI project: a real PV or CR task done with AI, documented as proof
- Current industry terms: ICH E6(R3), RBQM, E2B(R3), CDISC, eCTD
- What interviewers now ask about AI in drug safety and clinical research

03 Day 3 — ATS-ready resume, LinkedIn & interview Q-bank

- ATS-ready resume built 1-on-1 with a mentor
- Role-specific versions: drug safety, CDM, medical coding, clinical operations
- LinkedIn headline, About section and skills that match recruiter searches
- Adding your AI project to the resume and LinkedIn featured section
- Industry interview Q-bank: top CRO and pharma questions

04 Day 4 — Mindset & Mental Growth session, mock interview rounds 1 & 2

- Mindset & Mental Growth session: building a growth mindset for the job hunt
- Interview confidence, managing anxiety and handling rejection
- Mock interview round 1 (HR): introduction, salary and notice-period questions
- Mock interview round 2: technical interview in your chosen track
- Recorded feedback on content, clarity and confidence

05 Day 5 — Final mock interview, certificate & referrals

- Mock interview round 3: final technical + HR interview to check your improvement
- Expert mentorship session and final resume and LinkedIn review
- Live AI project review and AI Placement Bootcamp certificate
- Referral and hiring drives with our partner companies, where your profile fits
- Job-alert access to curated CR and PV openings and a 30-day application plan

Career outcomes

ROLE	AVERAGE CTC
Drug Safety / Pharmacovigilance Associate	₹ 3.6–4.5 LPA
Clinical Data Associate (entry)	₹ 3.5–4.5 LPA
Medical Coder (Trainee)	₹ 2.8–3.6 LPA
Clinical Research Coordinator (CRC)	₹ 3.0–4.0 LPA
